

Annex K

MARS NORM Approval

Modern American Recycling Services, Europe A/S
Sandholm 55
DK-9900 Frederikshavn
CVR no.: 39610922

Decision on permission to use radioactive material (NORM)

The Danish Health Authority, Radiation Protection has completed your application for permission to use radioactive material (NORM) and hereby sends the new permit.

The detailed scope and terms are directly stated in the permit that is enclosed.

Yours sincerely,

[*Signature*]

Charlotte Nielsen
Specialist, MSc Engineering

Complaint instructions

You can file a complaint about this decision with the Ministry of Health and the Elderly Denmark.

The Ministry of Health and the Elderly Denmark cannot take a position on the professional opinion of the Danish Health Authority but can assess whether the case has been considered according to the current law and general administrative law principles.

Any complaints must be sent to the Ministry of Health and the Elderly Denmark (sum@sum.dk) with a copy to the Danish Health Authority, Radiation Protection (sis@sis.dk) and should be sent within four weeks from today's date. Please note that a complaint generally has no delaying effect with respect to the radiation protection requirements contained in the decision.

Permission to use radioactive material (NORM), AAKTIL-00001035

Permission to handle NORM¹ and brief storage of NORM waste pursuant to Section 5(1) and Schedule 1, paragraph 1.2 of Executive Order no. 670 of 1 July 2019 on the use of radioactive substances.

The permit is issued on the conditions implied in Act No. 23 of 15 January 2018 on ionising radiation and radiation protection (the Act on Radiation Protection) and rules issued pursuant to the Act and the conditions stated below.

Holder of the permit

Modern American Recycling Services, Europe A/S
Sandholm 55
DK-9900 Frederikshavn
CVR no.: 39610922

The permit is issued for the use of radioactive sources at:

Department: M.A.R.S.
SST-id department: AFD-00011130

Special competence persons

The company must at all times have special competence persons mentioned by name at its disposal as stated in Section 33 of Executive Order no. 669 of 1 July 2019 on ionising radiation and radiation protection. The competence persons must be approved by the Danish Health Authority and must in overall terms cover the scope of the permit as described below.

Scope of the permit

The permit gives the right to:
Handling and brief NORM storage

Special conditions

- All NORM waste being produced by M.A.R.S.'s decommissioning and/or decontamination must be returned to the company that assigned the platform etc. to M.A.R.S. This must be ensured contractually between M.A.R.S. and the above company prior to the assignment of the platform etc.

Duration of the permit

The permit is valid until otherwise stated by the Danish Health Authority.
