MARS Letter for Biofouling Removal

Brazilian Ministry of the Environment
IBAMA

Ministry of Environment of Denmark
Environment Protection Agency

Frederikshavn, 09 June 2023

Regarding notification recovery operations of FPSO Fluminense (IMO: 7389405)

I hereby confirm that the removal of any biofouling outside the ship Fluminense, will be removed ashore on our ship ramp or onsite in closed areas. The removal of biofouling will be removed in accordance with our Environmental Approval (GEO-2017-02702) and thereby follow the regulations set by the municipality of Frederikshavn.

Best Regards
