**REF.:** APRESENTA RELATÓRIO TRIMESTRAL QA/QC

Prezados,

A **FUNDAÇÃO RENOVA** ("FUNDAÇÃO"), vem, respeitosamente, por seu representante legal abaixo assinado, apresentar Relatório Trimestral do Programa de Garantia e Controle de Qualidade (QA/QC) dos dados do PMQQS referente ao período de maio de 2019 a julho de 2019.

1. The purpose of this document is to provide information on the current status of the project and to outline the proposed next steps.

2. The project is currently on track and is expected to be completed by the end of the year.

3. The following table provides a summary of the key milestones and their current status:

Milestone	Current Status
Phase 1: Initial Assessment	Completed
Phase 2: Data Collection	In Progress
Phase 3: Analysis and Reporting	Not Started

4. The next steps for the project are as follows:

- Finalize the data collection process by the end of the month.
- Begin the analysis and reporting phase in the first quarter of the following year.
- Present the final findings to the relevant stakeholders.

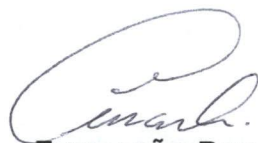

5. Please contact the project manager for further information.

6. The project is a high priority and it is essential that all team members remain focused and committed to the goal.

Sendo o que cumpria para o momento, a Fundação se mantém à disposição para prestar quaisquer esclarecimentos adicionais que se fizerem necessários.

Renovando nossos protestos de estima e consideração, subscrevemos a presente.

Atenciosamente,

**FUNDAÇÃO RENOVA**

# PROJECT

Some of the most important elements of a project are the people who work on it. The project manager is responsible for the overall success of the project. The project manager must be able to communicate effectively with the team and the stakeholders. The project manager must also be able to manage the project budget and schedule. The project manager must be able to identify and solve problems as they arise. The project manager must be able to motivate the team and keep them focused on the project goals. The project manager must be able to work under pressure and meet deadlines. The project manager must be able to build a strong team and work well with others. The project manager must be able to manage risk and avoid problems. The project manager must be able to adapt to change and handle unexpected situations. The project manager must be able to communicate the project status to the stakeholders. The project manager must be able to report on the project progress and provide regular updates. The project manager must be able to manage the project from start to finish. The project manager must be able to ensure that the project is completed on time and within budget. The project manager must be able to ensure that the project meets the needs of the stakeholders. The project manager must be able to ensure that the project is successful.

FOR THE PROJECT  
A PROJECT MANAGER  
IS RESPONSIBLE FOR THE  
SUCCESS OF THE PROJECT.
