Prezados,

A Fundação Renova ("Fundação"), pessoa jurídica de direito privado, devidamente inscrita no CNPJ/MF sob o nº 25.135.507/0001-83, com sede na Avenida Getúlio Vargas, nº 671, 4º andar, no Município de Belo Horizonte/MG, CEP 30.112-021, vem, respeitosamente, em atenção às Deliberações em epígrafe, expor o quanto segue.

Serve o presente para tratar das ações estruturantes para fornecimento de água para consumo humano nas aldeias Tupiniquim e Guarani de Aracruz - ES.

O item 2 da Deliberação CIF nº 201/2018 determina à Fundação Renova o início imediato de ações estruturantes nessas aldeias, com vistas a garantir, o mais breve possível, o fornecimento de água de qualidade para o consumo dos residentes, independentemente da finalização do Estudo de Componente Indígena.

Já o item 2 da Deliberação CIF nº 227/2018 determina o início imediato das ações estruturantes de caráter reparatório nas mesmas Terras Indígenas Tupiniquim e Guarani.

Como é de conhecimento desta Câmara Técnica, tais medidas estruturantes para o abastecimento de água das Terras Indígenas em Aracruz vêm sendo discutidas junto com a SESAI, órgão responsável pelas políticas públicas voltadas à saúde indígena.

Nesse sentido, ocorreu em 15.03.2019, em Brasília, reunião intercâmaras, com participação da SESAI que apresentou o cenário atual de abastecimento das terras indígenas e informou que possíveis propostas de solução de abastecimento já foram dialogadas com os indígenas. A Fundação Renova recebeu as informações e está organizando suas equipes de engenharia para uma nova discussão técnica que deverá ocorrer no dia 11/04 em Brasília para continuidade do processo.
